Express Profit Center

EPC 301
EPC 401
Tall profile

EPC 301 express profit center tall profile 3-ft unit on available casters

Henny Penny express profit centers present an excellent solution for retailers seeking to expand hot food impulse sales and cross-merchandising opportunities.

These attractive cases not only offer mobility with “grab-n-go” convenience, they display prepackaged hot food safely *for up to 4 hours!*

Innovative FreshLock™ air curtain technology directs a continuous flow of heat across the open front of the case forming an effective barrier between ambient conditions and the case's internal climate. This air “curtain” not only conserves heat but promotes even heat flow throughout the case, eliminating cold spots.

The EPC 301 and 401 are 3 and 4-foot cases in a tall profile that offers increased capacity in a compact footprint. Perfect for end caps or walls near checkout lanes.

The EPC is sturdy but moves easily on available casters. A single-phase electrical option enables units

Air Curtain locks in 4 hour holding!

FreshLock™ air curtain technology secures interior climate for safe holding of hot fresh food for up to 4 hours under the following conditions:*

- Ambient temperature: 70°–74°F (21°–23°C)
- Product: whole chickens 3.0–3.5 lb (1.4–1.6 kg) in domes (Pactiv CNC-6007)
- Chickens at core temperature of 180°–190°F (82°–88°C)
- Shelf heat at recommended settings
- Unit operated at rated voltage

* Safe holding times may vary depending on product

to be relocated into various high-traffic areas at any time.

Long-lasting, energy saving LEDs provide brilliant lighting while reducing maintenance costs and environmental impact.

Each shelf's temperature settings can be adjusted separately. Shelving is lightweight, adjustable, and removes easily for cleaning.

Standard features

- FreshLock™ air curtain secures climate for longer holding times and less product waste
 - Reach-in grab-n-go convenience
 - Even heating throughout case (under ideal holding conditions)
- Tall profile offers additional capacity in same footprint
- Low-energy, long-life LED lighting for brilliant product presentation and reduced environmental impact
- Clear side panels for added product visibility
- Black matte finish on main cabinet
- Easily relocated throughout store for excellent merchandising capabilities
- Lightweight, adjustable angled shelves
- Heated shelves and deck with independent temperature controls
- Flush mounted control pad with temperature display
- Front and side protective bumpers
- Stainless steel construction for easy cleaning and long life

Please choose shelf configuration

- 3 shelves plus deck
- 4 shelves plus deck

Optional accessories

- 4 heavy-duty casters, 2 locking (not available for CE units)
- Leveling legs
- Set of black wire baskets and attachments for dry cross merchandising, 2 side and 1 top
