FlexFusion™ Team Combi Oven

SpaceSaver™ Plus with integrated hood

FSDH 610/610 Electric

Henny Penny FlexFusion combi ovens combine different cooking methods into one piece of equipment with the flexibility to cook nearly everything on your menu to perfection.

The FlexFusion Team combi offers the versatility of two separate cabinets in one integrated platform. The SpaceSaver series puts Team combi versatility in a standalone unit less than 22 inches wide with an integrated hood that lets you save dedicated ventilation for frying and range top.

Each cooking chamber utilizes a powerful boilerless steam generation system that instantly adds or eliminates the precise amount of moisture needed to maintain desired cooking conditions... all while saving more energy and water through an

improved heat exchange design.

Two independent Chef'sTouch control systems on one convenient panel make cooking with SpaceSaver Team combi as easy as using a smart phone! Just tap the app for everything from cook-and-hold to cleaning and trouble-shooting.

Removable tilt-resistant rails accept full-size steam table pans or half-size sheet pans and grids.

Chef's Touch control: Just tap and swipe to run built-in apps

Popular FlexFusion built-in Apps:

- **PerfectHold**—Automatically switches to Hold when done cooking
- **TimeToServe**—Tells you when to load different items so they are all done at the same time
- **FamilyMix**—Shows which items can be cooked together
- **GreenInside**—Displays energy and water use for each cooking program
- **CombiDoctor**—Runs system self-diagnostics and displays results

Standard Features

- Chef'sTouch™ Control System for automatic or easy manual cooking
 - Two durable high resolution 7-inch touch/swipe screens
 - Full-color display, video assist
 - Create your own recipes (up to 20 steps each) or select from 350 AutoChef cooking programs
 - Select and use apps for cooking, serving convenience, cleaning, diagnostics and more
 - Use ClimaSelect Plus to set and maintain humidity levels at 10% increments from 0% to 100% RH
 - Adjust individual settings before or during cooking
 - Multi-sensor food probes
 - Temperature in °F or °C
 - Choose language for operations and service diagnostics
- Two separate cooking environments in one integrated unit with single power supply
- 5 or 6 pan levels in each cabinet
- DynaSteam2 precision boilerless steam generation with built-in energy-saving heat transfer
- 5-speed auto-reverse fan for fast, even cooking throughout the cabinet
- Powerful high-efficiency motor uses up to 15% less energy
- Triple-pane door glass saves 28% more energy over ventilated door systems
- Full perimeter seal around doors
- Improved WaveClean® self-cleaning system uses 36% less water
- Stainless steel interior cabinet with coved corners
- 1 mm stainless steel exterior
- USB port for convenient download of programs, diagnostic messages or HACCP data

Options, accessories*

- Two-in-one cleaning cartridges
 - Barcode scanning app
- Choose rail configuration:
- 5 rails
 - OR
 - 6 rails

*See separate accessories data sheets for details
